Panoply Interior Design & Consulting

Our president, Martha Ann Parks and the designers of Panoply will be teaching four week seminars in interior design. These classes are held in the evenings at Panoply's 16 Greenville Street location.

The classes will teach you to design like a professional. You'll learn how to bring your design to fruition, from coming up with the design idea to adding those final finishing touches. Topics will include doing a furniture floor plan, furniture style & selection, paint colors, fabric, wall paper and accessories.

Whether you want to redo a single room or your entire house these workshops will give you what you need to make your design dreams come true.

Class size will be limited to eight people so that each participant will get personalized attention so reserve your space now. The cost is just \$125 per person and you'll learn to design like a pro.
